

EUROFINS VIRACOR Allergy & Immunology MENU

Eurofins-viracor.com/clinical/our-testing/allergy

**INNOVATION.
EXPERTISE.
ACCURACY.
SPEED.**

**Get results
faster, when it
matters most.**

At Eurofins Viracor, we believe that every healthcare provider should have access to the most specialized and innovative techniques for diagnosis, monitoring and therapeutic decisions.

As part of the Eurofins Clinical Diagnostics group, Viracor's shared depth of menu, logistics expertise, daily sample collection and delivery network guarantee perfect continuity in the provision of care — helping to drive innovation and support improved patient outcomes.

Viracor

GET RESULTS FASTER, WHEN IT MATTERS MOST

With over 35 years in infectious disease, immunology and allergy testing for immunocompromised and critical patients, Eurofins Viracor is committed to helping medical professionals, transplant teams and reference labs get access to comprehensive diagnostics. With a long-standing history of innovation, scientific expertise, accuracy and rapid turnaround time, we deliver faster results when it matters most.

Viracor is passionate about delivering value to our clients by providing timely, actionable information — never losing sight of the connection between the testing we perform and the patients you serve. Visit us at Eurofins-Viracor.com/clinical.

**CAP accredited,
CLIA licensed,
NYSDOH certified**

**Surveillance
and re-validation
to ensure assay
design integrity if
and when viral
mutations occur**

**Multiple target
assay design
accounts for the full
range of viral
serotypes, genotypes
or isolates affecting
patients**

**Validation of
multiple
specimen types**

Allergy – Usage Guide

In the allergy section, orange dots indicate which antibody types for each allergen are available. Allergen specific assays are listed with only the first numbers of their respective test codes. When ordering, these numbers must be followed by the antibody type suffix shown below.

Example		IgE*	IgG	IgG4
520	Peanut	•	•	•

In this example, the complete ordering test codes are as follows:

IgE – 10	IgG – 20	IgG4 – 22	52010	Peanut IgE
			52020	Peanut IgG
			52022	Peanut IgG4

Adverse Drug Reaction
